WESTWOOD HIGH SCHOOL

Ishpeming, Michigan

*IN MEMORIAM, WE DEDICATE
THIS BOOK TO KEN ECKLOFF*

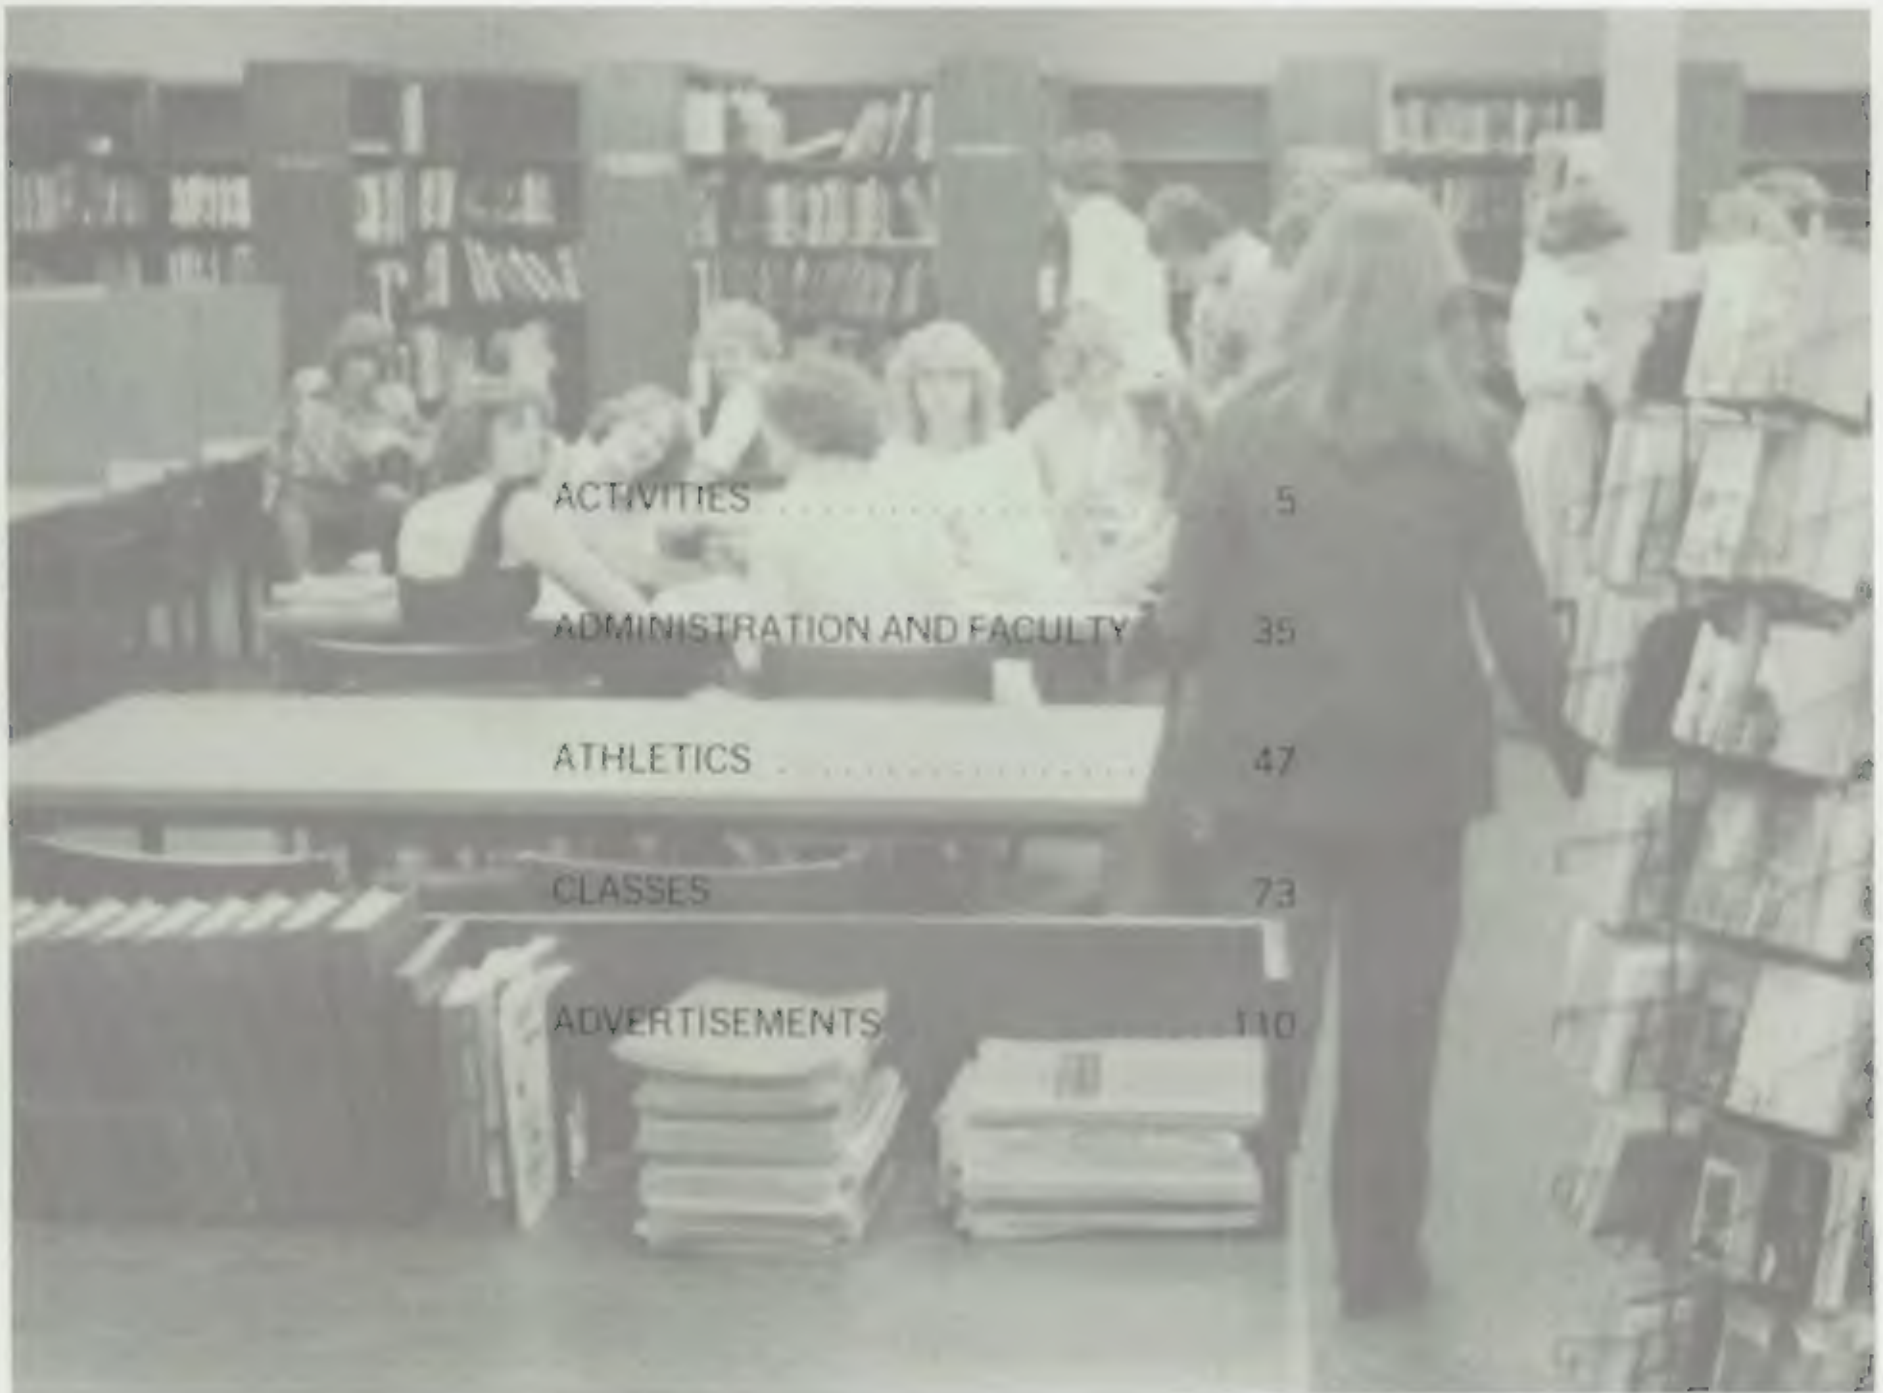

For all the fun
We've had with you,
For all the love
You gave us, too.
For every time
We felt all right,
For every day
And every night.

You were our friend;
You made us "high."
You helped us laugh,
And you made us cry.

Memories of you
We'll ne'er forget;
Our short time with you
We'll ne'er regret.
Your years passed by
Like the hours in a day;
But your memory, my friend,
Shall evermore stay.

Cynthia Lyons

TABLE OF CONTENTS

We have grown with the school . . . We are the first graduating class to

have completed four years at Westwood High School . . . With the passing

seasons we, like you, have been nurtured and have grown . . . We hope to

prove ourselves a successful "harvest."

ACTIVITIES

HOMECOMING

The spirit of Westwood High was greater than ever during Homecoming 1977. The excitement began with the girls' football games, in which the seniors were victorious. During school hours, from Slave Day through Solid Color, Crazy, Nifty Fifties, and School Color Days, students and teachers alike participated.

The Geritol generation

Typical W.H.S. students

"Such style, such grace, such poise."

"Smile, Bill. You're on Candid Camera."

"What? You mean Barb broke the Guinness Book of World Records?"

ACTIVITIES

Our next Howard Case?

In the pep assembly, student relays and teacher obstacle courses followed the announcing of Homecoming Queen, Sandra Wood, and King, Bill Hill. Not even the team's loss to Manistique could put a damper on the Patriot spirit. At the dance which followed the game on Friday, Free Fight joined in on the fun to end a successful Homecoming week.

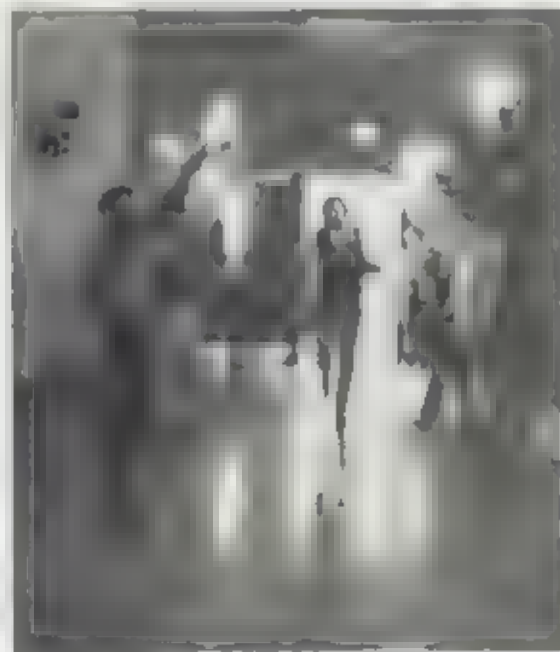

Studying? What a rare sight to see!

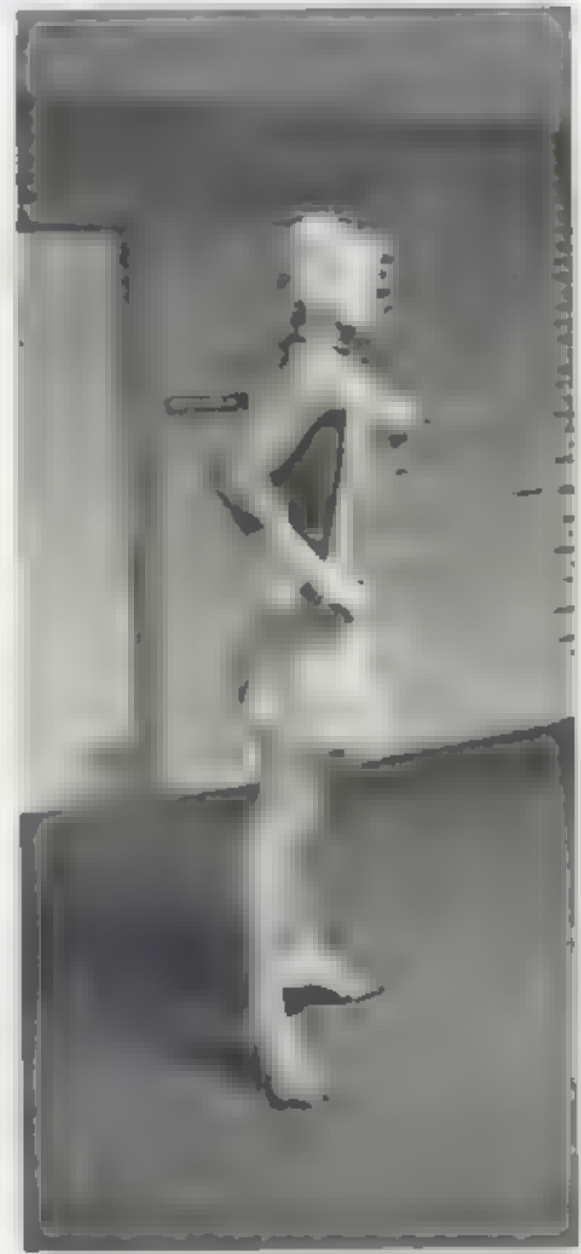

There's nothing like eating and cheering.

The bear fact — Juniors won the hall decorations

"Sparky" flares off to victory

So reserved, quiet and shy?!

A lovely Queen, a handsome King, and their equally attractive court.

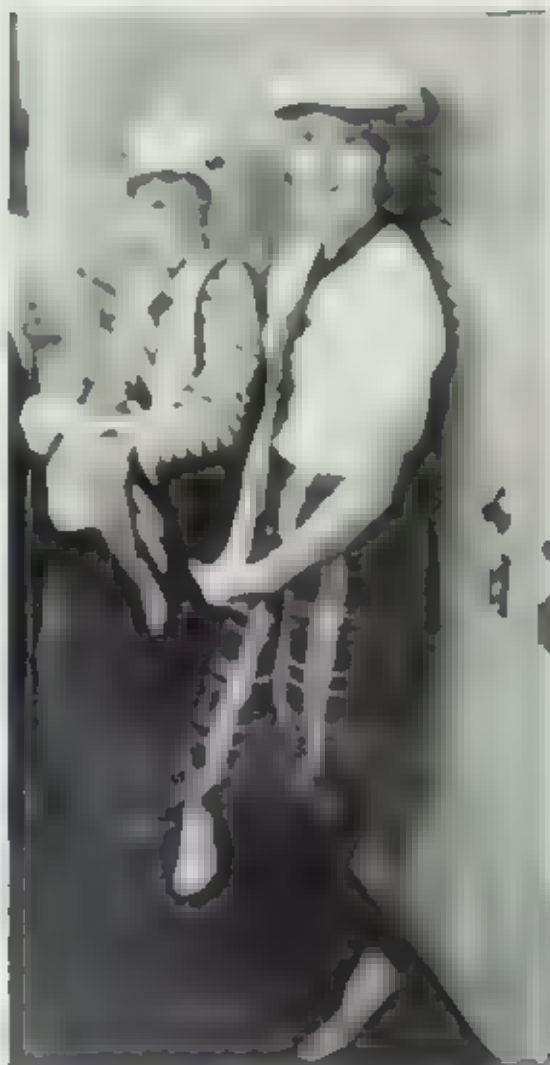

Touchdown!

Homecoming Queen, Mrs. Honkala??

Queen| Sandra Wood and King, Bill Hill

Well? What are you staring at?

Odd — long Johns — ready set — any last words? Fresh?

Some nervous and safe

Shear — wanna's hang in with me?

Everyone has his ups and downs, Dale

Any one want to hang in with me?

STUDENT COUNCIL

A 1977-78 Student Council President

The student council for 1977-1978 was perhaps the most active in the history of the school. These diligent members prepared a variety of entertaining activities throughout the school year, including the newest tradition, the spring thing. Several dances and an all school "Gong Show" were also arranged by the council. Congratulations, council, for a job well done

Seated (L to R) Anita Lyren, Dean Molanen, Lyone Clarke. Standing: Richard Kierzek, Advisor Sandy Wood, Robin Menard, Jeanne Neil, Margaret Neil

WINTER

Never before has Westwood's Winter Carnival been such a smashing success. The week's activities began with the election of the class sweethearts. The faculty and seniors entertained with two exciting exhibition games — the ladies in volleyball and the gents in basketball. Victorious were the women faculty and the senior boys.

Winter Carnival Class Sweethearts

Hey, let's get a lot of these more

The thrill of victory and the agony of defeat

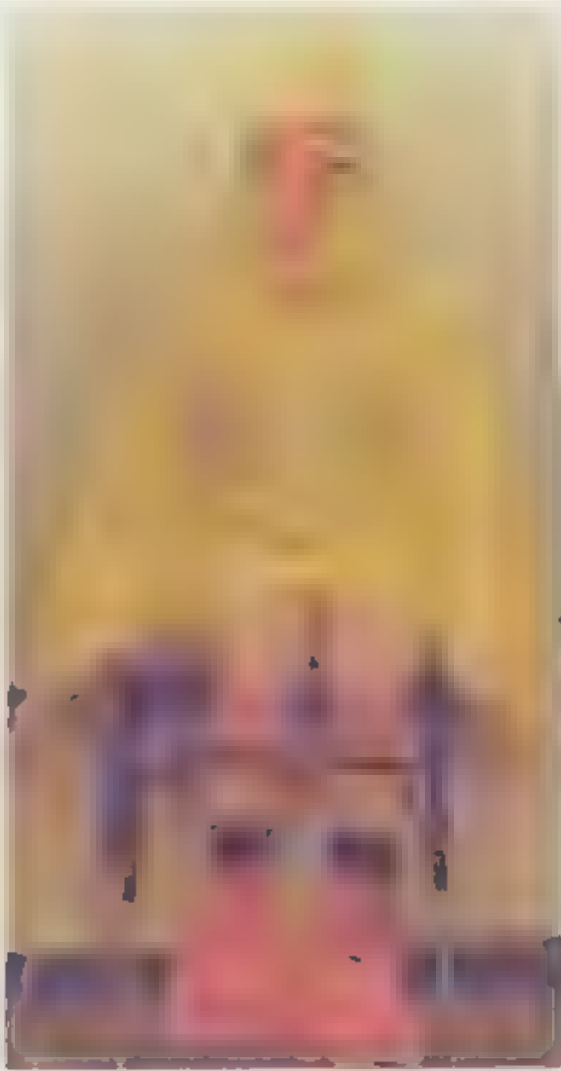

I've had enough! I'm heading for Florida

A fast paced, hard fought victory for the Patriots

CARNIVAL

Tuesday and Wednesday were Dress Up Day and Famous Character Day, respectively. Winter Carnival Bingo was the big event on Thursday, and Friday, the traditional School Colors Day. The afternoon consisted of much frolicking in the drifts, snowman contests, races, and refreshments in the cafeteria

'Chuckie Baby, Chuckie Baby . . .'

A Marshall Dillon fan?

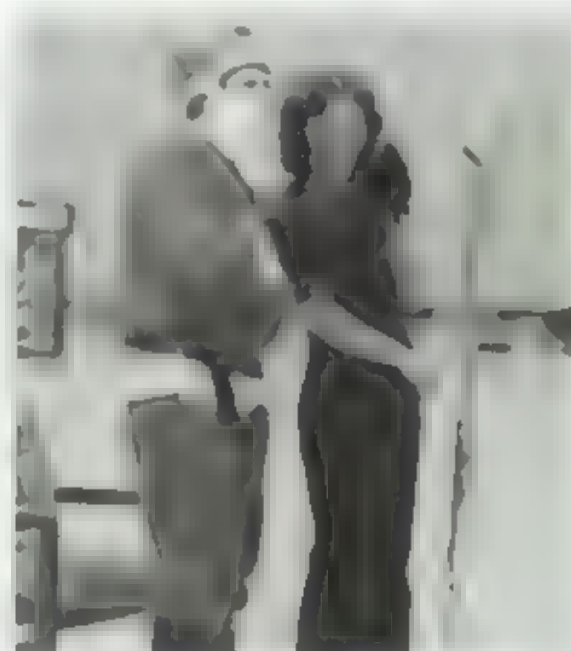

Another group of satisfied customers!??

A new sport — don't try it, you'll never miss it!

Keep them in line, Joe.

Santa! That's really an old line!

ON THE LIGHTER SIDE . . .

Guilt: Who looks guilty?

Charles & Angels

And then it looks so

You just have to be kidding

Let's see you beat this

that's big wide enough for Santa Claus

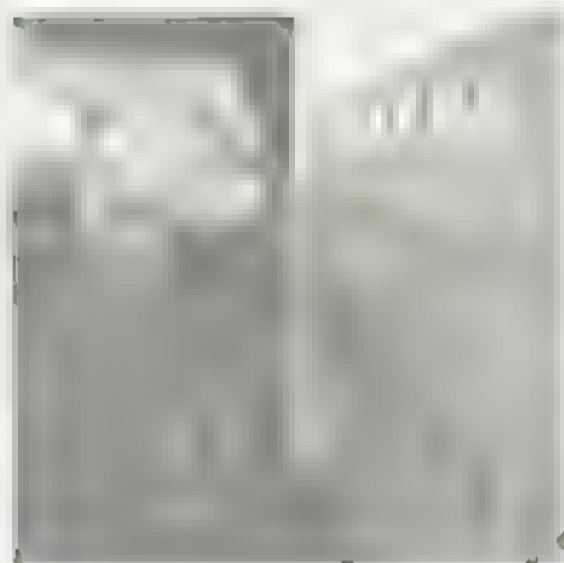

SOME CANDID SHOTS

Baby Fever

Hey where I I go?

The Turning Point

Darth Vader makes her Westwood debut?

Oh gosh! My knees are showing!

PRACTICE MAKES PERFECT . . .

Long hours and painstaking work can have very satisfying results

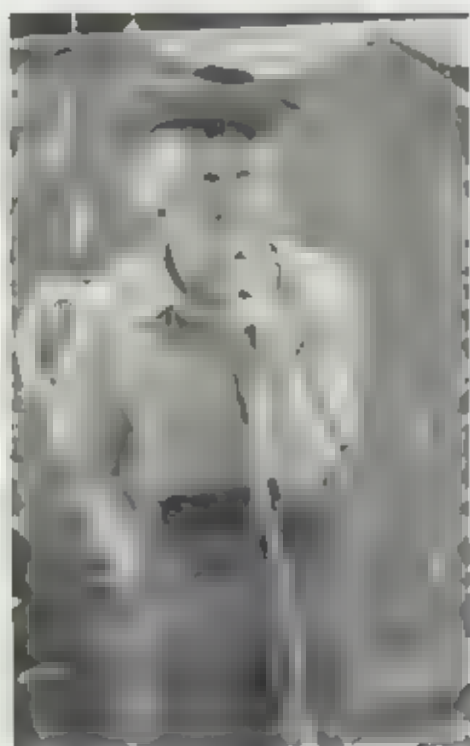

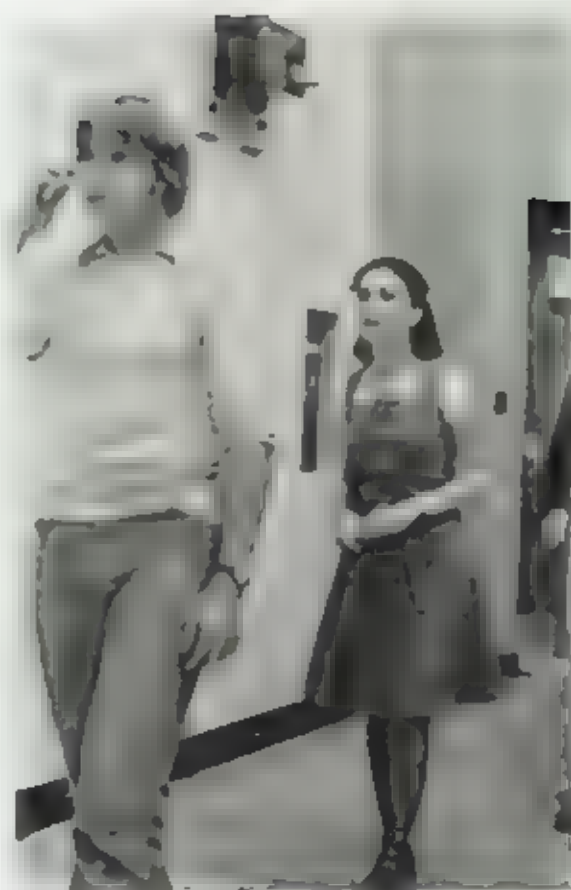

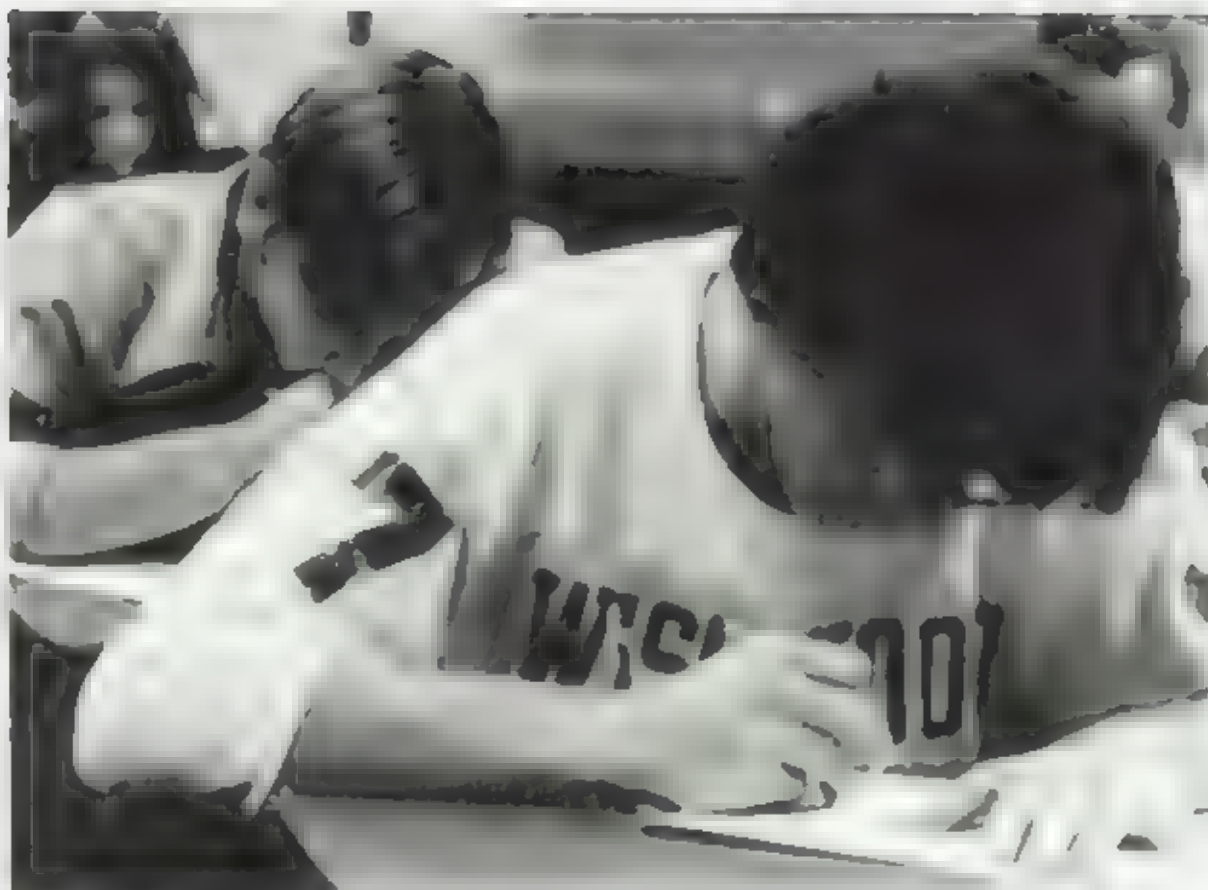

Mrs. Harrington guides students in artificial resuscitation

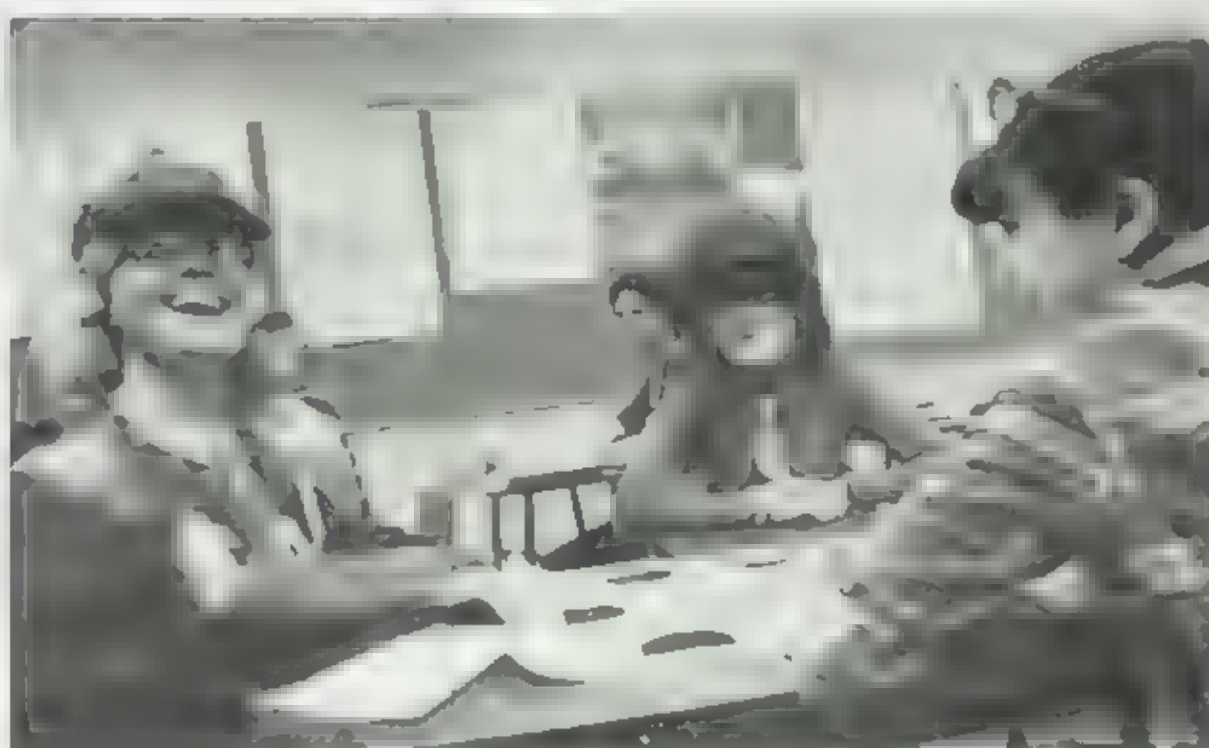

Some girls greatly enjoying scuba diving instruction

The overseer of the beautiful house pictured above

Like the tiny seeds of a
dandelion —
We began our journey in
The youthfulness of Spring
One good rain could have washed us away
But we held fast to our ground
We took root,
And our fruitful sprouts showed the promise
Of full bloom
Day by day
The sunshine nourished us,
And we matured

Now the quest of our lifetime has been reached
Our beginning has ended
And we are grown up —
Like the dandelions in June
Soon we will bid farewell to the field
That we call home —
Only to be carried off by the winds of change
To start a whole new life —
Like the fleecy white seeds of a
dandelion

Cynthia Lyons

THE END AND . . .

Unlabeled girls trying out their boxes

Salutatorian, Beth Oja, addresses the assembly

Interested onlookers and well wishers

"Anticipation"

So solemn?

THE BEGINNING

Ken Bruhnke, valedictorian, discusses the future

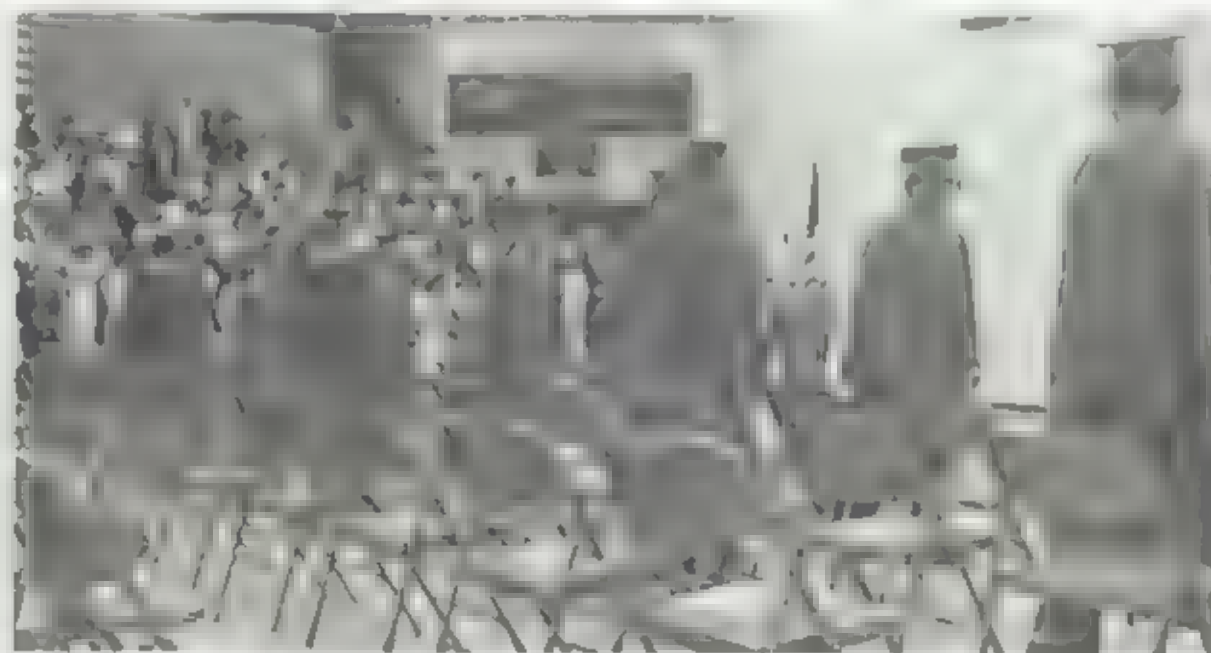

The culmination of 13 years

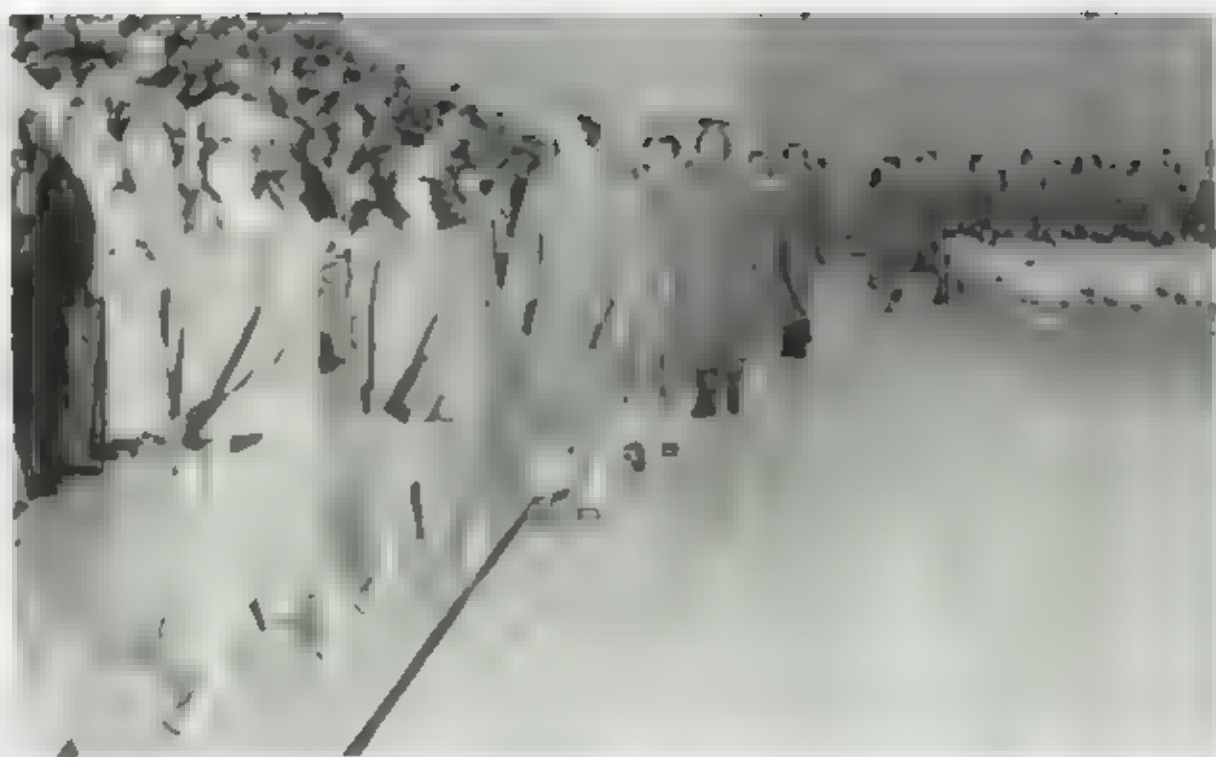

"Practice makes perfect"

Mr. Hampton congratulates Cathy Saari

It will soon be over

"Champion, here we come!"

"Whew! I made it

Pretty posers

"What did he say?"

Mr. Utto presents the class of 1978

"Can you believe it?"

The hoop carriers showing off their finery

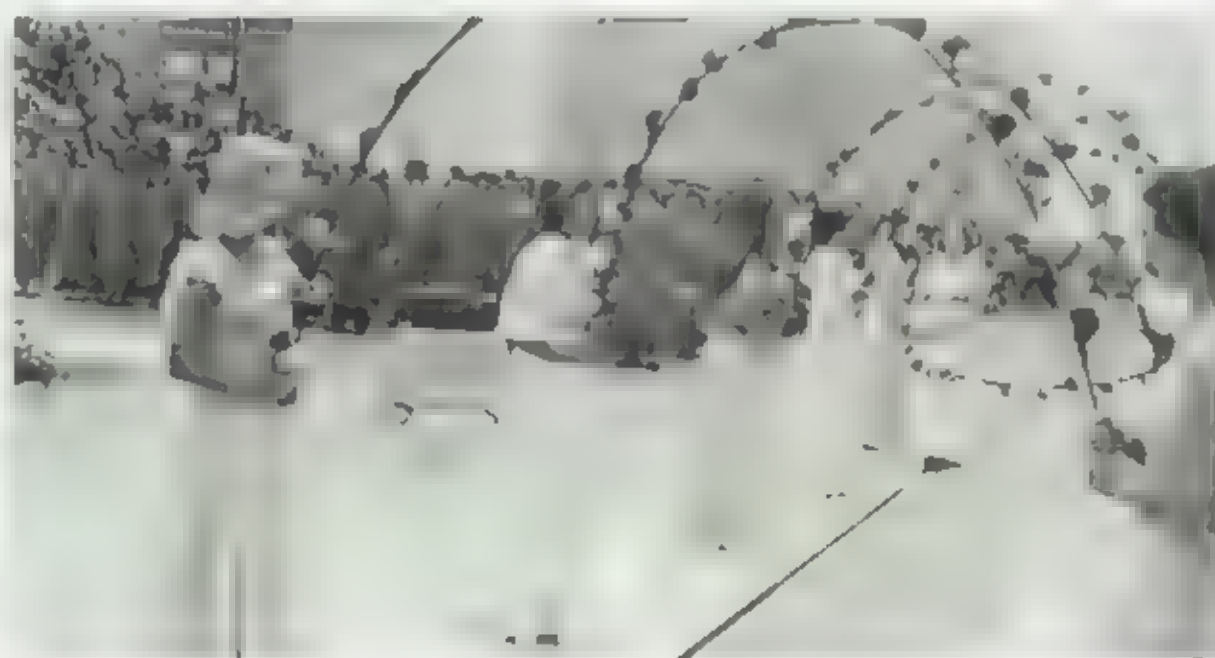

Here we come, world!

It won't be long now

That's it, smile, Sandy

I guess all that practice paid off — but I'm so nervous!"

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

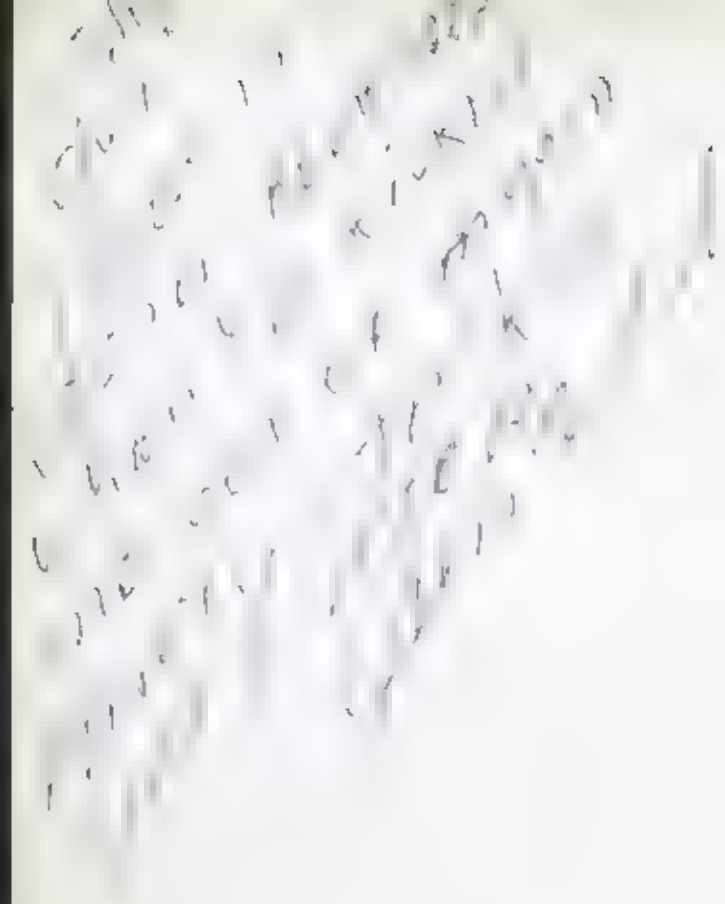

2. Next, it is important to gather relevant information and data. This can be done through research, consultation with experts, or by analyzing existing data sets.

3. Once the information is gathered, the next step is to analyze it. This involves identifying patterns, trends, and relationships that can help in understanding the problem.

4. After analysis, the next step is to develop a solution or plan. This involves identifying the most effective and efficient way to address the problem.

5. Finally, the solution is implemented and the results are evaluated. This involves monitoring the progress and making adjustments as needed to ensure the solution is effective.
